- 2 Sony Bloggie:** This sleek device takes 12.8-megapixel still photos and up to four hours of HD video — but the best part is its ability to instantly upload your vacation pics and videos to facebook, YouTube and email.
- 3 Mophie iPhone battery cases:** The perfect travel companion, this rechargeable battery for your iPhone comes in its own lightweight, protective case.

NEW FOR SPRING 2011:

The Coby Kyros Android Tablet, 3G Samsung Galaxy Tablet (right) and Skullcandy's new line of over-the-ear headphones and ear buds are all coming to BluWire at CLE. Stay tuned for more new products!

READING|LISTENING

One of the things we love about traveling is taking the time to unwind with our favorite reads and tunes. Think about it. Being at the airport is one of the few times in life when there's nothing else you have to do and there's an unlimited supply of books, magazines and music at your fingertips. Sounds like a perfect excuse to catch up on some much-needed reading and relaxing!

BOOKS: From bestsellers and new releases to children's books, trade publications and paperbacks — Hudson Books at the CLE AIRMALL® carries thousands of your favorite reads. Here's what's been flying off the shelves (pun intended) at CLE.
